16th Annual Bull Sale

March 10, 2018 • 1:00 PM
Lucedale, MS
"The Carcass Merit Sale for Mississippi"
I want to welcome you to our 16th annual sale March 10th 2018 in Lucedale, MS. It does not seem it’s been 16 years since we started this CPP sale. Many thanks to all the previous buyers and sellers that work so hard to make this sale a success year after year. I’d like to specially thank Will Coulson and the staff at the stockyards for all their support, could not ask for it to be any better.

I am very excited about this years group of bulls. Chris Sirmon and Rick Sirmon, S&C Farms, & Bilbo Farms are first time bull consignors and we appreciate their support of this sale. Our goal is to provide local grown, well bred, performance selected bulls for the local cattlemen to purchase and use in their herds, without having to travel 1,000 miles to get the best genetics in the country. Local cattlemen need to look no further than this 16th Annual CPP sale to get the best-they are right here, locally bred and raised, acclimated to the southern climate. The Angus bulls are big stout and best carcass merit bulls you can find. Simmental and SimAngus bulls are thick and easy calving as always. The HT bulls are special heat tolerant for the serious cattlemen to use to keep back some females or add hybrid vigor to your calves. Some good replacement females round out our offering so come and improve your herd March 10th.

If I can assist you in any way contact me by text, email or call. Cattle will arrive on Friday so come early and lets visit and talk cattle. I will be happy to help select the right bull for the most profit for your operation.

Thanks for attending the sale.

Thank you for attending the sale.

Mark Smith

Congratulations to Olivia Branum of Poplarville winning 2nd place in 2017 Heifer development Contest. She received the bull donated by Carcass Performance Partners group. This years bull was bred by Rockhill Ranch and is selling in this years sale.

This is also a memorial to Justin Klunk, a contestant in 2017 contest, who passed away shortly after competing this year in a tragic accident. Pictured are his parents and sister accepting his award. Our prayers and thoughts go out to the Klunk family. May God Bleess you in this time of grief.
Carcass Performance Partners
16th Annual Sale

March 10, 2018 • 1:00PM
Lucedale, MS

Sale day contact numbers

We have done all the work for you on this one, he is ready for cows. 308D is a real meat wagon and I predict he will be the pick of the sale. If you want performance here he is. Sired by a Lock and Load son and a Tanker dam - this translates to muscle, bone, and growth built with calving ease. He is worth every dollar you pay for this one! He is priced at a minimum of $3000.

Super Duty is super pedigreed, super thick and super good! His dam Blackbird 3666 was the pick of Tanner 2015 female sale and is out of the Peak Dot cow family that has commanded thousands of dollars every time a member sells. Her sire Dunoon Evident, is one of the top Angus sires in Australia. Super Duty is battle tested and proven calving ease for heifers. He is priced at a minimum of $2000.

Put pounds on your calves at weaning time. This 24 mo old bull was by AI to Upgrade, weighed nearly 700 lbs at weaning and sports top 1% of the breed for weaning wt., YW, CW, and TI epds. Combine that with top 5% MB, and 10% REA, he is a great combination for the bottom line –profit. Homo black. He is priced at a minimum of $2200.
D387 is a two-year old Red Angus bull that had a 57 lb. birth weight. His breeding is from the Halfmann Ranch in Texas and the Becton Ranch in Wyoming. He is a calving ease specialist. Not a lot of frame on this one, but he is long and wide. Will work great on heifers. He is priced at a minimum of $2000.

Tattoo: D457 • BD: 8/7/16 • Act. BW: 79 lbs. • Adj. WW: 384 lbs.

Sire: TJ MARLBORO MAN 360A
   TJ 33Y

GW PREMIUM BEEF 021TS

Dam: GW MISS PREM BEEF 235Z
   GW MISS ACE 010W

Olivea won this SimAngus bull as 2nd place in Mississippi heifer development program. The bull was generously donated by Rockhill Ranch, Purvis, MS. Every year one of the Carcass Performance Partners will donate a bull to the program as sponsor. All proceeds of the sale of this bull will go to Olivia’s college tuition fund. Study the numbers on this bull carefully - tremendous calving ease, carcass epds-phenotype is wonderful. He is priced at a minimum of $2000.

Tattoo: 46D • BD: 8/7/16 • Act. BW: 70 lbs. • Adj. WW: 565 lbs.

Sire: SSS EJAH 324P
   SSS SCARLET 182J

Dam: SSS ELI 434W
   SSS MCCREDIE 326P

Solid black Simbrah bull with a world of volume, length, and loaded with muscle. 46D is a 1/2 brother to one of the past top sellers in CPP sales. He is the kind we want, need and try to make every year. Quite a nice package to add to a purebred simbrah herd or commercial. He is priced at a minimum of $2000.

ROCKHILL MARLBORO D460  ASA# 3266061

Tattoo: D460 • BD: 8/7/16 • Act. BW: 80 lbs. • Adj. WW: 477 lbs.

Sire: TJ MARLBORO MAN 360A
   TJ 33Y

TJ HIGH BET 236X

Dam: GW MISS HI BET 289Z
   GW MISS GPRD 077X

D460 is black and polled and had an 80 lb. birth weight. He is in the top 10% for calving ease and top 3% for Yearling weight. It doesn’t get much better than that! He is in the top 1% for both milk and MWW along with a top 3% for API and top 2% for T1. He excelled in his contemporary group by having a 120 weaning ratio and 121 yearling ratio. His dam and breeding come from Gateway Simmental in Montana. If D460 were in the Gateway sale this year, he would probably bring a 5-figure price tag. My minimum bid price is $4000. He is that good.

ROCKHILL MARLBORO D458  ASA# 3266059

Tattoo: D458 • BD: 8/7/16 • Act. BW: 81 lbs. • Adj. WW: 405 lbs.

Sire: TJ MARLBORO MAN 360A

My favorite young bull out of my 2016 calf crop, loaded with top genetics on both sides of cow family. Buy with confidence, you won't go wrong on this nice Une Mas son. He is priced at a minimum of $1500.
SimAngus HT is a hybrid cross that everyone in the Southeast is talking about. Take advantage here and add hybrid vigor to your herd on March 10th. L4 Apollo checks all the boxes a serious buyer will have. He is sound made in his structure, deep sided, wide topped, and heavy muscled in his rear 1/3. He ranks in the top 1% of the breed for CE, Marb, API when compared to other Brahman cross hybrids. Apollo is sure to be a rock solid addition to your bull battery.

A Fatboy son, [Fat Butt x Dream On], that is flat out the best bull I’m bringing to Lucedale this year. Mr. Mark said I must offer my best or I was keeping him to breed my cows with next year. So here he is – wide topped, extreme internal dimension, sound footed, moves like a cat. Wrap all that in a square made, blaze faced, attractive package and you will not mind waiting for him to get older to breed all your cows to him. He is ready for light service now but imagine how he will look this fall as a 2 yr. old! He is priced at a minimum of $2000.
S & C UNITED 11E  
**Tattoo:** 11E • **BD:** 2/5/17 • **Act. BW:** 84 lbs. • **Adj. WW:** lbs.

**Sire:** W/C UNITED 956Y  
**Dam:** TANNER JILT A170  
**NumberFormatException**

Mate to 8E sired by United also. Someone should by both these studs and keep the heifers for their next cow herd. Or bring them to the next CPP sale and we will sell them! We have more requests for SimAngus heifers every year than we can fill the orders. These two, 8E and 11E are fine! He is priced at a minimum of $2000.

S S W I D E W A Y  6 1 1 E  
**Tattoo:** 611E • **BD:** 2/19/17 • **Act. BW:** 70 lbs. • **Adj. WW:** lbs.

**Sire:** HOOK’S BROADWAY 11B  
**Dam:** MISS JRW DRIVING MS ANN

Purebred Simmey here with blazed face; square made and fancy. It is a shame he is one of the youngest bulls or he would contend for top dawg sale day. Dam is that full sister to Still Waters 27D bull’s sire, a great cow family. Champion in her own right - great udder and milking ability. He will be a nice bull to hold and breed this fall, won’t cost what the 2yr bulls bring either. He is priced at a minimum of $2000.

JAL ESTER  
**Tattoo:** 280 • **BD:** 7/7/16 • **Act. BW:** 75 lbs. • **Adj. WW:** lbs.

Ms Abby genetics goes back to donor B & K Berthas Abby Dew RT. Good pedigree with even better possibilities ahead to make you a good cow. Min $1000.

ROCKHILL PROPHET E501

Sire: LEACHMAN PROPHET J030Z

Dam: ROCKHILL MS BIG SKY A17

E501 was AI sired by Leachman Prophet J030Z. She should be ready to breed soon and should develop into a quality female. She sells open.

ROCKHILL MS SIERRA D463

Tattoo: D463 • BD: 9/30/16 • Act. BW: 68 lbs. • Adj. WW: 432 lbs.

Sire: TANNER HIGH SIERRA 3655

GW Premium BEEF 021TS

D463 is in the top 5% for calving ease and top 10% for yearling weight, two things that don’t normally go together. She is also in the top 15% for API and top 10% TI. She is out of a GW Prem Beef daughter and a Tanner High Sierra sire. I really shouldn’t be selling her. Will make a great foundation female for a registered herd. Sells open and ready to breed. She is priced at a $1250 minimum.

SALLEYS SHES A DOLL D4

Sire: CCR 707 COWBOY 6003B

DAM: WCM INTENSE 017X

D4 is a baby doll delight!! Super nice, feminine, SimAngus with great attitude. She will be an asset to your herd. Min $1000.

SALEys MS SUSIE E2

Sire: SALLEYS BLACK HONEY B3

DAM: CIRCLE S MISS SUSIE Q

Heifers like MS Susie are hard to find. Outstanding epds and genetics to build a herd around.

Leachman Prophet – Sire of Lot 57

Future Showman
3 yr old SimAngus pair, might be 3 n 1, 4 mo old hfr calf at side, AI bred to Rescue 3022834 then exposed to Gibbs 5217C GRO 7087T, Calf 311E, born 11/17/17, sired by LTA MR Focused Step 2927145.

D-07 will make an outstanding brood cow. Her dam is the easy keeping cow on our farm. Don’t miss this good one. $1600 min.

Really nice solid blk female, deep and thick, real gentle and easy going. Bred 3-4 months to a son of Fat Butt, Fatboy #2996763.

O C C JUNEAU 807J

X546 is a former show heifer that I purchased from 7L farms a few years back. She is from the heart of the herd and I hate to part with her, but Mark Smith said to consign good females. She has some age on her, but should have some productive years still ahead. She is very gentle and has raised a fine calf every year and is currently bred to a J Bar J Nightride 225Z son. Priced at a minimum of $1500.

MISS GOOD INTENTIONS

A17 comes the heart of the herd. She was sired by a 7L GW Premium Beef son and her Dam was a heifer that I bought a number of years ago at a CPP sale. She is a young productive cow, but I need to cut back on my herd and Mark said to consign the good ones. She is currently bred to a J Bar J Nightride 225Z son.

Commercial Females

- **37D** SimAngus Female
- **39D** SimAngus Female
- **241D** SimAngus Female 90 days bred to Gibbs 5217C GRO 7067T, reg #3104762. Cow sire is LTA Selective Luck. Cow ended up unregistered because mixup on sex. Dam was a BMR Explorer sired cow.
- **JG 1** Simmental Female
Quick Reference to ASA EPDs and $ Indexes

Expected Progeny Differences (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels. In using EPDs, the difference between two sires’ EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and -5, a 15-unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units). Key to using EPDs is knowing what units they are expressed in. For example, if the above case referred to weaning weight EPDs, A would be expected to sire 15-pounds more weaning weight than B. If calving ease were the trait, A would be expected to sire 15-percent more unassisted births in first-calf heifers; in other words, if B sired 30 assists in a group of 100 heifers, we’d expect A to require 15 assists. A percentile-ranking chart is required to determine where a bull’s EPDs rank him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and $ indexes visit www.simmental.org. Listed below are the units ASA EPDs are expressed in:

- **All-Purpose Index (API):** Dollars per cow exposed under an all-purpose-sire scenario. (See below for more details.)
- **Average Daily Gain (ADG):** Pounds of post-weaning daily weight gain.
- **Back Fat (BF):** Inches of backfat.
- **Birth Weight (BW):** Pounds of birth weight.
- **Calving Ease (CE):** Percent of unassisted births when used on heifers.
- **Carcass Weight (CW):** Pounds of carcass weight.
- **Docility (DOC):** Percent of offspring achieving a docile (1) score.
- **Maternal Calving Ease (MCE):** Percent of unassisted births in first-calving daughters.
- **Milk (MLK):** Pounds of weaning weight due to milk.
- **Marbling (MRB):** Marbling score.
- **Maternal Weaning Weight (MWW):** Pounds of weaning weight due to milk and growth.
- **Ribeye Area (REA):** Square inches of ribeye.
- **Warner-Bratzler Shear Force (WBSF):** Pounds of force required to shear a steak.
- **Stayability (STAY):** Percent of daughters remaining in the cowherd at 6 years of age.
- **Terminal Index (TI):** Dollars per cow exposed under a terminal-sire scenario. (See below for more details.)
- **Weaning Weight (WW):** Pounds of weaning weight.
- **Yearling Weight (YW):** Pounds of yearling weight.
- **Yield Grade (YG):** Yield grade score.

$ Indexes: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That’s where $ indexes come in. Through well-conceived, rigorous mathematical computation, $ indexes blend EPDs and economics to estimate an animal’s overall impact on your bottom line. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following $ indexes:

- **All-Purpose Index (API):** Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.
- **Terminal Index (TI):** Evaluates sire for use on mature Angus cows with all offspring put on feed and sold grade and yield.

**Using API and TI:** First, determine which index to use; if you’re keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described above, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another. For example, when buying an all-purpose-type sire, you can quickly figure a bull scoring +100 for API is worth an extra $6,000 over a +50 bull if both are exposed to 30 cows over 4 years ($50 diff. x 30 hd. x 4 yr. = $6,000). A percentile-ranking chart is required to determine where a bull’s index value ranks him relative to other bulls in the population. For percentile rankings or more detailed information about EPDs and $ indexes visit www.simmental.org.

**Important disclaimer:** DO NOT compare index values of purebreds of different breeds, hybrids of different breed composition or purebreds with hybrids — our system was not developed to make valid comparison among these groups. Therefore, you must first determine the breed and breed composition appropriate for your herd and use index values to compare animals within that population.
At Rocky Hollow Farm, we have focused our program on raising quality purebred Simmentals. We purchased our first Simmental 21 years ago and have been extremely satisfied with the performance and disposition of the breed.

We raise and market purebred and percentage replacement heifers and purebred Simmental and SimAngus bulls. In the last couple of years we have been producing SimAngus HT (Heat Tolerant) heifers and bulls. These seem to work great in the south. The combination of British, continental and a touch of Brahman makes the three way cross a real winner. Our herd program targets commercial cattlemen by providing bulls and heifers that have calving ease, fleshing ability, good dispositions and affordable to purchase. We use artificial insemination on 90% of the cows. This method of breeding allows us to use bulls that are proven sires and trait leaders. We have concentrated on traits that we know commercial cattlemen consider important to their bottom line. Calving ease, to make sure you get a live calf without problems. Weaning weights, to give you those extra pounds on the scale at sale time. Disposition, because no one wants to deal with crazy cows and bulls.

Our herd has been certified brucellosis free and our health program includes weighing, vaccinating and worming each calf on a set schedule.

There are several reasons we have joined Carcass Performance Partners to market bulls. We are a family farm and we wanted to consolidate marketing efforts with others to build a solid strategy for selling our best animals. We believe that you should stand behind the product you sell. It should meet or exceed the standards that the seller has represented. We believe that the past buyers of our bulls that have been marketed with Carcass Performance Partners have been satisfied, and that is why we have numerous repeat customers.

We also believe in the minimum bid. We do not want any buyers to think that they have been “run” during a sale. We have found that honest and ethical selling practices will make a difference, not only for the buyers but also for our peace of mind.

Double CC Farms, 284 Cuevas Gravel Pit Rd., Poplarville, MS 39470
We are a small family farm in the registered cattle business. This is our 5th year to consign to the Carcass Performance Partners Sale. Our herd consist of Simmental, SimAngus, and Simbrah. We AI breed our cows with proven bulls to produce high performing cattle. Our bulls follow a rigid vaccination and worming protocol to protect against diseases and are registered with the American Simmental Association.

At Double CC Farms, integrity comes first and we guarantee your purchase will be high performance, easy managing bulls for your herd. Thank you for giving us the opportunity to pass on the product of prayer and hard work. Our family has received countless blessings and made many irreplaceable friends in the cattle business. We look forward to helping better your herd with your purchase from Double CC Farms.

Salleys Simmental Farm, Billey Salley, 109 Alva Rd. Eupora, MS 39744
Salley Simmental is a small seedstock operation breeding Simmental and SimAngus cattle for 25 years. We focus on improving and raising cattle that are functional and work in the pasture. We have 20 head of registered mama cows. I have purchased cattle from southeast purebred sales to build up my herd. I AI to top bulls, UNO MAS, FAT BUTT, UNITED, CLASSIC, OPTIMIZER, DREAM ON, SAV BISMARK. If you have any questions about my consignments call me at 662-341-2847.
SIRMON HAY AND CATTLE

Sirmon Hay & Cattle, 26440 US90, Robertsdale, AL 36567
Sirmon Hay and Cattle is a seed stock and commercial operation in Robertsdale, Alabama. We are a three generation cattle family. We started a registered herd four years ago when God blessed us with the friendship of Andy Holloway a West Texas cattlemen. Andy has been a great mentor to my son and myself. We were able to acquire some great Angus seed stock from Andy and he has shared his knowledge and desire to raise great Angus cattle that will help commercial cattlemen increase their profits in the cattle business. Our cattle are gentle and have great genetics. We have received great feedback from our customers in Oklahoma, Louisiana, Florida and Alabama. As our herd size grows we want to enter our cattle in sales where we can help the commercial cattlemen increase his profits with cattle born and raised in this area. We will be pleased if you give our cattle a try, you won’t be disappointed. 251-747-0070. krsirmon@yahoo.com

BILBO FARMS

Bilbo Farms, 24 Bilbo Shaw Rd., Picayune, MS
We started our purebred herd with a purchase a few years ago from a previous CPP sale. She has done a great job for us, and so much better than our commercial cows we decided to grow our herd in a registered all AI herd. We have a small herd of 30 commerical and 15 reg. cows. We have added cattle from SSS, Fenton, Timberland Farms, and Double CC farms to make up our herd of registered cattle. The bulls we are using are Widerange, Broadway, Executive Order, Bankroll and Substance. Stop by for a visit we always have coffee pot on. 601-916-4638

ROCKHILL RANCH

Rockhill Ranch is located near Purvis, MS and is owned by Rickey and Gay Nicholas. We have been in the registered cattle business since 1997 and have consigned bulls to the CPP sale for the past 13 years. We currently raise Black and Red Angus, Simmental, SimAngus and Simbrah cattle. We also are a cooperative herd with Red Hills Farm in northern Tennessee, where we had high-selling Red Angus bulls in both the spring and fall sales in 2017. When not working, we enjoy our 10 grandchildren and their parents. Thanks to all of our past customers for their support as we strive to provide optimal breeding stock for our southern climate.

SULLIVAN FARMS

Sullvian Farms, Delbert and Linda Sullivan, Milry, AL
Delbert and Linda have been punching cows for over 40 years. Mostly commerical cattle until 6-7 years ago started adding registered Simmental and SimAngus cattle. The commercial herd is made up of cross-bred brahma and sim x limosin cows. Their love for quality is evident in the bulls he is bringing to Lucedale. Delbert has been a strong supporter of CPP consigning a top Fat Butt son a few years ago and has been a purchaser of top females many times. Delbert and Linda breed for calving ease and growth with emphasis on Homo Black and Homo polled. If you in Milry stop by and see them.
L4 CATTLE COMPANY

L4 Cattle Co. Adrain Lumpkin and family, 93 Joe Lumpkin Rd, Carriere, MS 39426
L4 Cattle Farm has been in the commercial cattle business for many years. When my dad was born in 1930, he was given a calf. There has always been a cow on the farm since that day. Recently, we have intergraded registered Angus and SimGenetics into our herd. We understand the importance of having a quality bull that will sire progeny that will perform at a high level while improving genetics. We are striving to produce bulls that are sound, heavy muscled, easy fleshing and have exceptional EPDs.

L4 Cattle Farm is currently operated by me, Adrain Lumpkin, Jr., my wife Shannon and by the help of our girls, Caroline, 21, Claire, 18 and Laura Cate, 12. My oldest daughter, Sara Catherine and her husband, Alan are always willing to lend a hand as well. Each person plays a special role helping make this operation a success. We are thankful God has allowed us to grow as a farm but most importantly as a family. Our first grandchild, Ross Alan Smith was born this past year, and he has forever stolen our hearts. We are thankful for all the blessings God has bestowed upon our farm and our family.

TRIPLE S FARMS

Triple S Farms 304 Moeller Rd. Picayune, MS 39466
Triple S Farms started as a purebred beef herd in 1988 with emphasis on quality. Over 50 years of genetic management experience drives our selection pressure on calving ease, maternal traits, marbling growth, muscle, easy fleshing, and convenience traits. Crossbreeding and Heat Tolerance play a role in making our cattle acceptable to us and our customers in this climate. ‘If they don’t pay, they don’t stay’ is kind of philosophy we subscribe to.

We have been blessed with many blessings since last year’s sale. Jan 3rd 2018 marks the day our 2nd grandchild entered our family and we are so thankful for Ella Catherine joining her older brother Ross Alan as the GRAND kids! Alan and Sara are settled in to parenthood stage of life and developing Alans growth as a DVM in the local area. He is trying to develop local AI, ET, and herd health for large animals so his time is limited. Jessica graduated with BS in Communications and is now working on her masters along with working for MS Land Bank and going to class at MS State. Mom and Dad - we are loving the grandkids, and keeping the SSS breeding program on the cutting edge makes most use of our time. We are so Thankful to our Lord and Savior for all his blessings. Pray we can continue to serve Him in a greater way.
Sleepy Creek Farms was established in 1997 and was principally a muscadine producer for small regional wineries. We maintained our vineyard and migrated from commercial cattle into SimAngus™ cattle as our extended family shifted out of dairy and chicken farming. By 2013 we registered the 3rd most new ASA animals in Mississippi. Although new to Simmental scene in Mississippi we are building a strong package of basic Simmental, Angus, and outcross genetics. We are looking for well-rounded animals that exhibit phenotypes that match their genetics. Our goal is to create a sound basic herd that will produce seedstock regional cattlemen will appreciate. In pursuing that goal we are using the top American Simmental Association and American Angus Association AI sires.

Jade Sumpter, Still Waters Simmentals, 97 Cuevas Gravel Pit Rd, Poplarville, MS 39470
Still Waters Simmentals started raising registered Simmentals, SimAngus, and Simbrah cattle around 3 years ago. We are a small operation growing by the blessings of God. Our herdsire is a low birth weight bull resulting in a 100% rate of unassisted calves born on our farm. God has given us many blessings and in return we would love to pass some on to you! We guarantee all our cattle and will be honored to discuss any questions you may have about our cattle. Call us at 601-795-5007.
JadeSumpter@yahoo.com

Dooley Simmons, Simons & Crowe Farms, 51013 Jenkins Ln., Tickfaw, LA 70466
Simmons & Crowe Farms began in 2015 with the purchase of 6 bred heifers from Tanner Farms. Over the past 3 years we have purchased and retained a few heifers to grow our herd. With a foundation of Consensus, Emblazon, and Jilt genetics, we actively strive to improve our herd with quality genetics. With an impressive 2018 calf crop on the ground, we look forward to continually growing in the future. We look forward to meeting new friends on sale day. 985-515-7289. Dooley182002@aol.com
ASA Suggested Sale Terms and Conditions
Effective January 1, 2011

BIDDING AND APPLICABLE LAW: All cattle listed in this offering comply with prevailing sale terms and conditions as set forth by the laws of the state wherein the sale is conducted. There are no warranties, expressed or implied, by either the auctioneer or consignor, except as set forth herein, as to the merchantability of fitness for any particular purpose of any animal offered in this sale. The right to bid or the right to reject the final bid, if done before the hammer falls, is reserved for all sellers unless otherwise announced from the sale block or as prohibited by law in the state wherein the sale is being conducted.

ANNOUNCEMENTS: Any change of information other than in the catalog will be announced from the auction block and such announcements shall take precedence over printed material. All statements made from the auction block or those made by the seller (in private treaty), must be documented by seller if requested by the buyer at time of sale.

TERMS: Terms of sale are cash unless satisfactory credit arrangements have been made with the seller previous to the sale of any animal so affected.

PURCHASER’S RISK: Each animal becomes the property of and therefore is also the risk of the purchaser as soon as it is sold; except it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or until the expiration of twenty-four (24) hours after the sale, whichever occurs first.

HEALTH REQUIREMENTS:

1. All cattle entered for sale must meet the health regulations of the state in which they are sold. All other agreements regarding the health of the animal will be between the buyer and seller and should be documented in writing.
2. If sale cattle are returned to the seller for an adjustment, they must meet the health requirements of the state they are returned to.

CERTIFICATE OF REGISTRY: Each animal, which is catalogued, offered and sold as a registered animal, shall have a certificate of registry available at time of sale. When an animal is sold as “eligible for registry” or “registry applied for”, the seller shall be responsible for obtaining the certificate of registry and for the proper transfer of the certificate to the purchaser including full payment of transfer fees.

IDENTIFICATION: Each animal, at time of sale, must have a readable tattoo or brand corresponding to that shown on the certificate of registration.

January 1, 2011
